Names of Young Soldiers Who Earned Commissions.

COLONELCY FOR G. H. THIEL

List to Be Submitted to Board of Education at Meeting Th. Afternoon.

Staff and line appointments for the year 1906-1907 in the regiment of high school cadets were made public today. G. H. Thiel, of the McKinley Manual Training School, is named as the colonel of the regiment, and the other officers are evenly distributed throughout the various schools. The list is in the hands of Chairman Oyster of the military committee of the board of education and will be reported by

him to the board this afternoon at 4 o'clock at the Franklin building. All of the members of the board except one have been interviewed by Captain Oyster and they will approve the list as reported from Burton R. Ross, chairman of the examining board. The regiment will be organized next Monday afternoon.

Organization of Regiment.

It was intended that the cadet regiment should be organized yesterday, but owing to the inclement weather the date was postponed until next Monday. The boys will then be assigned to companies and the officers placed in charge. The work of company drilling will be commenced almost immediately, with the competitive drill next June in view. The real company rivalry will not develop until Monday afternoon. The cadets are now being measured for their uniforms. The tailor visited the Central High School today and will be there

Lieutenant Colonel.

again Monday morning. Monday afternoon and Tuesday he will be at the McKinley Manual Training School, Thursday at the Eastern, Friday at the Western, the following Monday at the National Museum, and Tuesday at the Armstrong.

Special Meeting of Board.

A special meeting of the board of education will be held at 4 o'clock this afternoon at 4 o'clock. The list of recommendations for cadet officers will be examined and formal action taken thereon; but as every member of the board has been sounded on the question except one, the appointments are virtually made, and no importance will be attached to the routine action this afternoon. The list as made public this morning is just as it came from the examining board of District National Guard officers, and will be approved.

The board will probably also take up the question of estimates for the fiscal year beginning July 1 next. The committee on ways and means has been fixing up a report on the subject.

The committee on rules has been conferring of late with Superintendent Chandler with a view to revising the rules of

the board to conform with the new legislation. A report is also expected from that committee.

The question of the salaries of officials and teachers of the schools is still in the hands of the controller of the treasury.
